

EMTEK[®]

ASSA ABLOY

DECORATIVE DOOR HARDWARE

ASSA ABLOY, the global leader in door opening solutions

Make a statement, your statement.

Emtek is dedicated to helping bring your personal style to life. Door hardware is more than a way to open, close, and secure a space. To us, it is an integral part of a room's design theme. It is an extension of your personal style and we want it to do more than blend in. Door hardware should make a statement, your statement.

Emtek's products are a cut above in terms of craftsmanship and design. Each order is custom assembled in our Southern California facility. There is no predetermined combination of knobs, levers, rosettes and finishes; we let you mix and match according to your own taste. Emtek custom assembled locks are typically shipped within 2 - 3 business days to decorative hardware dealers throughout North America. Most dealers receive orders within five business days. We make your order how you want it and we get it to you quickly.

Founded in 1981, Emtek has decades of experience creating door hardware. We keep our finger on the pulse of the market and regularly release new designs. Our style is current, but we never forget about the classics. From traditional to contemporary, transitional, or rustic, we have hardware to match every style.

In this brochure, you will find examples of Emtek's extensive range of products. Everything you see can be customized with numerous options for knobs, levers, rosettes, and finishes. To see Emtek's complete product offering, visit our website at **emtek.com** or your local Emtek dealer. Emtek's website also includes valuable tools like Product Selector, which will let you visualize different combinations of products.

Emtek is a part of ASSA ABLOY, the largest lock manufacturing company in the world.

Patina (MB)

Tumbled White
Bronze (TWB)

Bronze Patina finishes are living patina, designed to wear over time and change in appearance. The distressed appearance is what gives our bronze its character. Finish discoloration is not applicable to the warranty.

Satin Brass
(US4)

Custom Finishes

Unlacquered Brass is available for any brass products that are currently offered in standard Polished Brass (US3) or French Antique (US7), for additional \$18 NET upcharge.

Satin Brass is available for select Modern Brass products. This custom finish is produced locally in our California manufacturing facility and requires longer lead time.
